

Cyzner Institute Calendar for the 2019-2020 Academic Year

Please note: This Calendar is for the CI Weekday School Program and the 1:1/Tutoring Programs. Please check with your Occupational Therapists regarding scheduling when the school is closed. Please also refer to all make-up policies regarding closings and make-up days.

There have been some changes to the school calendar this year based upon the policies set forth in the North Carolina Non-Public Education regulations, parent feedback and upon reviewing what the surrounding school calendars reflect.

*Considering the winter weather patterns from the previous school year, if needed, one non-school day will be used as a make-up day and will be announced if needed.

*Please contact the Administrative office regarding any camps and/or therapy services we offer during the summer months.

For all programs at the Cyzner Institute, during bad weather, we may close when road conditions are hazardous. On the first day, we will close per the decision made by CMS. For all subsequent days if the inclement weather should persist after one day, please call the office/school and listen to the voicemail for further instructions and please check for email notification. If you attend the one-to-one program only, your child's teacher will make every effort to reschedule these missed snow days.
